Unit 7: How to count in graphs, how to count in image graphs, making picture graphs, solving problems and solving problems with line graphs, a 10 minutes quiz at the end of every block

Making picture graphs and line graphs

Complete the table using the pictogram to show how many carrots each bunny ate.

Bunny	Number of carrots
Hopper	6
Thumper	4
Bugs	2
Airing	3

Complete the table using the pictogram to show how many books each zoo sold.

Zoological	Books about monkeys
San Diego	6
Madrid	4
Tokyo	2
Chester	5

Complete the table using the pictogram to show how many glasses of milk each student drank.

Student	Number of glasses of milk
Duo	5
Tom	1
Leah	4
Ashish	6

Complete the table using the pictogram to show how many cheeseburgers each restaurant sold.

Restaurant	Number of cheeseburgers sold
Mickeys	5
Kings	7
Frenchys	4
Cheesys	2

Dogs walked — Renn, Mary, To the

Eaten cookies — Ernesto, Soul, Carlos, Elena

Omar, Anna, Manon, Yanis

Solve problems with image graphs

Location — Re..., ..., Gimna...

How many ladybugs are there on the slide?

8 ladybugs.

Meal

How many ponies had lunch in total?

15 ponies.

Girasole Margarita Rosa Tulipane

Type of flower

Romain has [16] roses and daisies in total in your garden.

Sophia   Ben   Laura   Jo

Student

How many more apples than Laura did Sophia eat?

[8] apples.

How many sharks did JoJo see in total?

[11] sharks.

Number of tricks

Bobo and Giggles can perform [15] tricks in total.

| | Pink | Daffodil | Tulip |

Complete the table using the pictogram to show how many pigs each friend saw.

Friend	Number of pigs
Abdel	7
Zoe	1
Eli	5
Mo	3

Create a bar chart

Strawberries

Bananas

Apple

Oranges

0 1 2 3 4 5 6 7 8 9 10

Number at home

Stamps   Decals   Glitter feathers   Bookmarks

Slides
climbing
tower ndbox

Solve problems with bar graphs

Which dragon breathes fire farther than Sparky but not as far as Flamethrower?

Choose 1 answer:

- (TO) Peaks
- (B) At
- (C) Fathoms
- (D) Sparky

0 1 2 3 4 5 6 7 8 9 10
Number of students

How many students like milk or juice in total?

[19] students.

Paja   Palos   Ladrillos   Rocas
**Material**
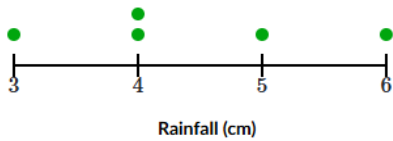

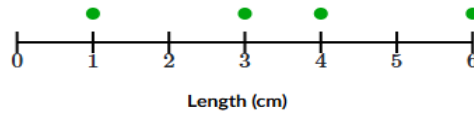

¿Cuántos ladrillos más que pacas de paja necesita?

[3] ladrillos mas.

0 1 2 3 4 5 6 7 8 9 10 11 12
People

How many people in total did they hire at the fair?

[27] people

Which bodies of water had the same number of alligators?

Choose 2 answers:

- (TO) Bite lake
- (B) Reptile stream
- (C) Swamp bite
- (D) River danger

How many books did Marian and Wendy read in total?

[13] books.

Making picture graphs and line graphs

Length (cm)

Length (cm)

Tail length (cm)

Length (cm)

Rainfall (cm)

Length (centimeters)

Distance (m)

Solve problems with line graphs

¿Cuántos reptiles son más largos que 36 centímetros?

6 reptiles.

Length (m)

How many jump ropes are shorter than 5 meters?

6 jump ropes.

How many lengths of slats are graphed?

19 slat lengths.
